

## **Black Forest Fire Burn Area Satellite Office**

Regional Building Department is fully committed to the successful and timely restoration of the Black Forest Community. Regional Building is committed to our community and will make every effort possible to assist those impacted by the fire. Regional Building staff assigned directly to the burn area is Dale Johnson. Dale's charge is to meet, interact and provide information to the residents; assist contractors in the successful completion of their defined scope of work and assure that all construction activity is properly permitted. Dale does not have the ability to issue permits in the field; however, Dale will have real time access to all plans/ permits and inspection data. Due to the wide scope of responsibilities Dale may not always be available and you may wish to contact him directly at 719-327-2992 to arrange a meeting if necessary.
