Workers' Compensation

A current certificate of Workers' Compensation in compliance with the state of Colorado statutes is required.

A licensed plumbing contractor who has no other employees may exempt from Workers' Compensation, but the examinee must sign the "Letter to Exempt" form. Request this form from the Contractors Licensing Office at Regional Building Department. (License renewal requires the examinee to update this status by checking off the appropriate box on the renewal form.)

REGISTRATION RENEWAL

Registration fees are not prorated for any portion of the year. Registrations are valid for 12 months from the date of registration, and expire on the last day of that month. The date of original registration does not change regardless of a late renewal or other factors.

No permits can be obtained or work continued under open permits after the date of expiration of a license and/or registration. (Inspections may be requested.)

Standard Renewal

Renewal forms are mailed annually to active license holders. Forms are also available at Regional Building Department and on the web site **www.pprbd.org**. Registrations are to be renewed within 45 days after the expiration date. In addition to the Renewal form, pay the registration fee and provide copies of your current Master Plumber License issued by the state of Colorado, Liability Insurance Certificate and Workers' Compensation Certificate or check the "Letter to Exempt" box on the form if you qualify and have a signed letter on file.

Certificates and Licenses must be current. Renewals are subject to satisfactory closure of A status permits, (please refer to A Status Permit Policy handout at Regional Building Department and on the web site).

Renewal with Penalties

After 45 days and before 90 days have lapsed from the registration expiration date, the plumbing contractor can renew the registration by paying the annual fee plus a penalty of 50 percent of that fee.

After 90 days from the license expiration date, requests for renewals are subject to reapplication.
