

Pikes Peak REGIONAL Building Department

ALTERNATE MATERIALS AND METHODS APPLICATION

INSTRUCTIONS:

1. Section RBC104.5 of the [Pikes Peak Regional Building Code](#) provides the Building Official the authority to approve any alternate material, design, or construction method if the Building Official determines the following:
 - a) That the proposed alternate material, design, or construction method is satisfactory, and that the material, design, or method offered is, for the purpose intended, at least the equivalent of that prescribed in the Code in quality, strength, effectiveness, fire resistance, durability, and safety;
 - b) That sufficient evidence has been submitted to substantiate any claims that may be made regarding the use of any proposed alternate material, design, or construction method.
2. Address all communications to: Deputy Building Official - Plans at AMMrequest@pprbd.org
3. Alternative Materials and Methods Applications that are denied by the Building Official may be submitted to the Technical Committee and Board of Review in the form of a Variance Request available at www.PPRBD.org.

EXPECT A MINIMUM OF SEVEN (7) BUSINESS DAYS FOR PROCESSING

\$50.00 FEE TO BE COLLECTED FROM APPLICANT PRIOR TO REVIEW STARTING.
