Re: Pier Inspection, 6485 Connaught Drive, MIBAR #16398

Dear Sir,

Per the requirements of the Pikes Peak Regional Building Department, on December 12, 2016, we inspected the foundation piers for the deck at the house you're building at the above location to check for compliance with the engineered foundation design. All piers were placed and/or sized according to the design.

Please do not hesitate to call us if you have any further questions.
