

# PIKES PEAK REGIONAL BUILDING DEPARTMENT

## ICC Standardized Contractor Exams

This information is being provided to you as a courtesy. You must check with the ICC at [www.iccsafe.org](http://www.iccsafe.org) and/or Pearson VUE at [www.pearsonvue.com/icc](http://www.pearsonvue.com/icc) to verify this information is accurate as the exam content and references may be updated at any time.

Colorado does NOT have a state license for the building or mechanical trades. Often, contractors who work in several areas must pass an exam in each jurisdiction. With successful passage of an ICC contractor exam, contractors can be secure in the knowledge that their results may be honored by many jurisdictions in Colorado and throughout the United States. However, each jurisdiction has the right to determine if this exam is acceptable. For specific licensing requirements, contact the appropriate building department.

LICENSE TYPE	EXAM ID#	ICC NATIONAL STANDARD EXAM CATEGORY	TIME	# of Q's	REFERENCE CODE BOOKS
